

Zonta Club of Cambridge, ON

The Zonta Club of Cambridge was sponsored by the Hamilton I club in 19??.

The club has the smallest membership in the area and despite this are continuing to work in their community to improve the status of women and uphold the ideals of Zonta International. The focus has been on increasing membership. The Club partners with the Zonta Club of Guelph for the birthing kit project. It has also partnered with area clubs to support Victim Services High Risk Program from the City of Cambridge, Zonta Club of K-W, Cambridge and North Dumfries Community Foundation, and Com-Dev. Without their financial assistance, victims at high risk of physical injury or even death would not be able to utilize the Mobile Tracking System.
