

Welcome to the District 4 Centennial Traveling Flag!

District 4 Centennial Committee has chosen the traveling flag as our District's Centennial Project. This project will take place this biennium, March 2019 – May 2020.

This is an exciting time as we make history in District 4 and invest in our future together. The traveling flag will reach all 35 clubs at least once during the biennium. We will have the opportunity to see the flag at each Area Workshop and at our Conference in September. It will be exciting to see where our flag has traveled on its journey as it reaches our clubs.

This is a wonderful opportunity for our district clubs to get to know each other as we celebrate 100 years of Zonta International. Our hope is for clubs to celebrate with each other as they pass the flag. Think about attending the club event when you give a club the flag.

The Area Directors are hard at work and ready to assist in organizing the flag's journey in your area. This is also a great symbol for their initiative "Zonta Without Borders".

The Traveling Flag book includes the Centennial Flag Kit and USB. This has all instructions for the flag and media kit.

If you have any questions, please contact me at lt.governor@district4.org.

Regards,

Janice Durmis

District 4 Lt. Governor
